

G-MS - 461/63
17 July 1963

MEMORANDUM FOR: NSA Liaison Officer, NPIC

ATTENTION: [REDACTED]

FROM: Chief CIA/PID (NPIC)

SUBJECT: Mig - 21 Study

REFERENCE: NSA/PO56/RL1 - 63 (c) (Project No. C 954-63)

1. In response to Requirement No. NSA/PO56/RL1 - 63 (c) (C 954-63), a study was made of the Mig-21 aircraft at Pukchang-Ni Airfield (3930N-12558E), North Korea in order to determine, if possible, the Mig-21 model possessed by the North Korean Air Force.

2. Examination of [REDACTED] reveals that more detailed identification of the Mig-21 aircraft is not possible due to the small scale and image quality of the photography.

3. The photo analysis on this project was performed by [REDACTED] CIA/PID/OMB (NPIC), who may be contacted on [REDACTED] for any additional information.
